PROFILE

HR Manager and Project Manager at LofiStack, looking after both the people and the delivery. I run HR on my own for a 30-person team while managing delivery for around 20 client accounts, and I was promoted twice in two years. BBA and MBA in Human Resource Management. I focus on clear, fair processes, real support for employees, and accountability.

EXPERIENCE

HR Manager & Project Manager

Jan 2026 – Present

LofiStack

- Sole HR manager for a 30-person team: communication, attendance, performance and training.
- Run recruitment end to end, from job posts and interviews to onboarding (around 7 hires so far).
- Designed and launched MEPPS, the monthly performance point system (see below).
- Manage delivery for around 20 client accounts at a time alongside the other project managers, keeping HR and delivery priorities aligned.

Project Manager

Jan 2025 – Dec 2025

LofiStack

- Managed delivery for around 20 concurrent client accounts.
- Planned and tracked work in ClickUp and ProofHub; ran team and client communication on Discord.
- Coordinated resources and timelines across teams to keep projects on track.

IT Officer

Jan 2024 – Dec 2024

LofiStack

- Set up and maintained company systems and gave day-to-day IT support.
- Integrated business tools so data and workflows connect.
- Built 12 conversion-focused websites for clients, and a business CRM.

Intern, Personnel Department

May 2023 – Jul 2023

Felix Fashion Limited (a sister concern of Four H Group) · Chittagong

- Supported the Personnel (HR) department's day-to-day work.

KEY ACHIEVEMENTS

MEPPS: Monthly Employee Performance Point System · Jan 2026

Monthly point system where rule breaches and rewards are recorded as points and finance turns them into deductions and rewards, giving everyone one set of clear, written rules. Since launch: fewer disputes, fewer late arrivals, and rewards paid out to those who earned them.

ARC Affiliates: multi-industry CRM delivery · GoHighLevel

Project Manager and main client contact across five sub-accounts (life insurance, credit, event management, spa/medical, life & health). Delivered lead workflows, pipelines, automations and integrations, and costed ongoing maintenance. The client confirmed successful completion and gave positive feedback.

LofiHRM

Helped build and shape LofiStack's in-house HR software, which I use every day to run HR.
